

The Friends of the Canadian Corridor invite you to:

A May Sunday afternoon in the Forest

An **opportunity** to walk along some of the trails on top of the forest near the Recreation Road Mt Clear area at your leisure. Mingle with locals and experts who are interested in a forest future for the Canadian Forest. Look at the resilient vegetation in the creek and observe the re-vegetation after the latest attempt by the bull dozers to clear the remnant blue gums.

Imagine what this land could look like in ten years time if nature is allowed to have its way! Imagine if the large existing remnant sections of forest were linked into a new forested bio link corridor, stretching from Buninyong to Woodmans Hill. And further afield a link between the Enfield Forest, the Brisbane Ranges and the Creswick Forest! Right on the doorstep of Ballarat.

Forest image from above Yankee Flat Road, looking west. April 2013

Where Sunday May 19th - 2pm on

and Informal forest and creek walks, forest information, look at images, lively discussions and observations of the revegetation.

When Afternoon billy tea and hospitality provided on site.

Feel free to turn up and be part of looking at the future of the Canadian Forest.
